

## Devolved Schools Building Programme

The Devolved Schools Building Programme (DSBP2) is being managed and delivered by the National Development Finance Agency (NDFA) on behalf of the Department of Education. The school building programme comprises individual school building projects which includes new builds, extensions, and refurbishments for both primary and secondary schools with scope for additional schools to be added in the future.

The confirmed school projects will be delivered as 6 project bundles *Project Nore, Project Boyle, Project Dargle, Project Lee, Project Liffey, and Project Shannon*, at a total cost of €800 Million.
