

Top Main Contractors by Volume of Contracts in Northern Ireland 2023

CIS can identify the top main contractors in Northern Ireland by the volume of major contracts undertaken in 2023 to date. Here we also look at a snapshot of the top contracts awarded to these contractors along with the building sectors and the locations they currently work in.

Through analysis of our data, CIS can clearly identify where your competitors are working and who they are working with.

CIS Insights delivers real time, evidence-based, construction intelligence data which can be quickly interrogated to deliver powerful insights into construction in Ireland. Examine sector specific metrics such as planning and construction stages, regional breakdowns, shell and core construction value, floor areas, detailed housing metrics, hotel rooms, student bed spaces, classrooms, hospital beds and much more.
